REMARKS

The Examiner indicated in the communication dated August 14, 2007 ("notice of non-compliant") that applicant's amendment filed on June 11, 2007 is considered non-compliant.

In the notice of non-compliant, the Examiner indicated the reply was not fully responsive, because the applicant failed to address the objection to the specification based on improper usage of trademarks in the specification. The specification has been amended to properly use trademarks. Accordingly, the applicant respectfully request the withdraw of the objection to the specification based on improper usage of trademarks in the specification.

The notice of non-compliant further indicated that the reply was not fully response, because the applicant failed to address the rejection of claim 23 under 35 U.S.C. § 101 based on claim 23 being directed to "a signal." The applicants have amended claim 23 to recite "a computer readable storage medium." Accordingly, the applicant respectfully request withdrawal of the rejection of claim 23 under 35 USC §101.

Applicant respectfully requests withdrawal of the non-compliance. Reconsideration of the present application is respectfully requested.
